Experience

Lost Pine Design lostpinedesign.com
Owner/Designer 2005-2009

Conceptualization of websites for clients, leading into development and deployment of final product. Presenting clients with multiple design themes, using existing brand or new brand creation. Morphing PSD mockups into pixel-perfect, cross-browser compliant, W3C validated XHTML and CSS, requiring "outside the box" thinking through creative methods of CSS implementation. Providing ongoing support to clients and aggressive new lead generation.

Recent clients include:

- Blue Tree Resort at Lake Buena Vista Condominium Owners Association – <http://bluetreeresort.org/> – Designed original website in 2005, redesigned site in 2009 from the ground up, using all hand-written HTML and CSS, incorporating user logins, email subscriptions, using completely custom designed Wordpress theme.
 - Computer Doctor Augusta - <http://augustapc.com/> – Designed complete website, hand coded HTML and CSS, designed business cards and other marketing materials.
 - Georgiana Mimms, Realtor – <http://gemmimms.com/> – Designed header image and Wordpress theme customization.
